

## Why run a Taskmaster Club?

By engaging with Taskmaster's approach to learning, children develop important life skills such as teamwork, problem solving, communication, lateral thinking and resilience, while pupil wellbeing is supported and developed by making school more fun. Working as a team improves a child's sense of belonging, and the varied nature of tasks means that it's not always the same (sporty or academic) children who do well. Everyone has the chance to play their part, feel involved, and succeed.

## What age group is Taskmaster Club aimed at?

Taskmaster Club is suitable for all ages - young people will just approach the tasks in different ways depending on what stage they're at. It's currently being run in Primary, Secondary and SEND schools in countries around the world.

## How many participants should we have in our Taskmaster Club?

Taskmaster Club has been designed as a team-based format, so ideally, you'll have enough participants to split into small teams. You can run your Club with as many young people as you have capacity for. However, any more than 30 and it could get a bit chaotic if you have only one adult running the Club!

## What do we get when we buy a Club package?

Purchasing a series of Taskmaster Club will give you access to 6 Club episode videos of around 45 minutes in length. Each episode consists of a range of tasks set by Little Alex Horne from the Taskmaster House. Your access lasts for 3 months from the date of purchase. You also get session plans that include resource lists, task explanations and suggested adaptations to ensure that all learners are included, able to access the tasks, and make progress.

You will also get downloadable task envelopes, editable scorecards, certificates and an option of 2 assemblies to help build excitement.

## How should we run the Clubs?

How you run the club is entirely up to you. You could run it as an after-school club, as a lunch club, as a form time activity, as a full day or week-long competition, such as for an Activities Week, Transition Day or a holiday scheme, or as an intervention package for those in need of extra support. The resources are there to be used as and when best fits the needs of your setting.

## This sounds great! How do I encourage my school to get involved?

If your Senior Leadership Team needs just a little bit more convincing, then check out our 'Benefits of Taskmaster Club' document, which details the positive impact the Clubs are having.
